APPROVED FOR PUBLIC RELEASE: DISTRIBUTION UNLIMITED

Report Documentation Page				Form Approved OMB No. 0704-0188	
Public reporting burden for the collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Washington Headquarters Services, Directorate for Information Operations and Reports, 1215 Jefferson Davis Highway, Suite 1204, Arlington VA 22202-4302. Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to a penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

CODAP Study Number: 2488

Study Title: Supply Systems Analysis

AFSC(s): 2S0X2 - Active Duty

AFOMS Analyst: 2Lt. Julie A. Huls

AFOMS CODAP Programmer: Mrs. Jeanie C. Guesman

Office/DSN: AFOMS/OAE, 487-6811, Ext 3032

Job Inventory Date: October 2001

OSR Date: January 2003

Analysis Extract Date: December 2002

THE ANALYSIS EXTRACT

The enclosed Analysis Extract is a compilation of computer printouts which summarize data collected from job incumbents in your Air Force specialty during a recent occupational survey. The data in these printouts are used to identify jobs and tasks performed by personnel within your career ladder, adjust or establish training programs, make classification decisions within or across specialties, and assist managers in making decisions regarding Air Force personnel programs. Other uses for occupational survey data include improving the specialty descriptions in AFMAN 36-2108, determining the content of Specialty Knowledge Tests (SKTs) written under the Weighted Airmen Promotion System (WAPS) program and providing job data for use in personnel research.

READING THE ANALYSIS EXTRACT

The Analysis Extract is generally divided into four major sections: (1) DAFSC/CONUS/Overseas groups; (2) Total Active Federal Service (TAFMS) groups; (3) MAJCOM groups; and (4) Specialty Job Groups. Each section will normally provide three types of printouts: (1) PRTJOB; (2) PRTMOD; and (3) VARSUM.

The PRTJOB printout is simply a job description for a particular group (i.e., 5-skill level personnel, first-enlistment personnel, ACC personnel, etc). It reports the percent members performing each task and is presented in descending order of the relative time spent on each task. Tasks listed at the top of each job description are those tasks on which group members are spending the most time in their jobs and are performed by larger percentages of group members. In order to save paper when producing the Analysis Extract, these printouts are usually shortened to display only those tasks which comprise 80 percent of the total job time. Full job descriptions can be requested from OMSQ if needed.

The PRTMOD printout displays percent members performing data across a series of groups, along with task difficulty and training emphasis data. By displaying data in this manner, you can quickly identify similarities and differences across groups in terms of percent members performing various tasks.

The VARSUM printout provides information concerning the responses of career ladder incumbents to the various background questions in the job inventory. Routine information covered by this printout includes job satisfaction, equipment operated or maintained, job title, job area or function in which most time is spent, as well as paygrade, MAJCOM, DAFSC, and TAFMS information.

This document has been designed and prepared as a final summary document containing data printouts which were used in analyzing the occupational survey data collected on this AFSC. We hope this brief summary assists you in utilizing the data presented in this Analysis Extract. If you need additional information that is not contained in this Extract, please feel free to contact one of our analysts at DSN 487-6811 for assistance.

9	F0062	TF0001/SMN	2S0X2 Task Difficulty Ratings	74	5.00	1.00	7.99	.72 319

AFSC 2S0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of AD DAFSC/CONUS/O'Seas group members performing each task, as well as task difficulty and training emphasis ratings are presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

10	F0062	TF0001/SMN	2S0X2 Task Difficulty Ratings	74	5.00	1.00	7.99	.72 319

AFSC 2S0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of TAFMS group members performing each task, as well as task difficulty and training emphasis ratings are presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

9	F0062	TF0001/SMN	2S0X2 Task Difficulty Ratings	74	5.00	1.00	7.99	.72	319

AFSC 2S0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of first-enlistment MAJCOM groups performing each task is presented to the right of each task.

Tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. This printout is extremely useful in examining the relevancy of basic resident course content as it pertains across all major using commands. It also can assist MAJCOMs in developing MAJCOM-specific follow-on or FTD courses, JQSSs, or OJT training packages. Distinctions between MAJCOM groups can be highlighted where there are large differences in percent members performing various tasks across the various groups.

11	F0062	TF0001/SMN	2S0X2 Task Difficulty Ratings	74	5.00	1.00	7.99

AFSC 2S0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of total MAJCOM group members performing each task, as well as task difficulty and training emphasis ratings are presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

Supply Systems Analysis
Reported AFSC(s): 2S0X2

----- Variable/Group Distributions -----

The percent of reported group members who responded to background questions are presented under the column headings for the appropriate group. The displayed data summarizes information about the people in each group.

Reports on the following groups were requested:

gp0007: All Active Duty Airmen with DAFSC 2S0X2	(n = 406)
gp0026: All DAFSC 2S0X2 AD Amn in USAFE	(n = 36)
gp0027: All DAFSC 2S0X2 AD Amn in AETC	(n = 27)
gp0029: All DAFSC 2S0X2 AD Amn in PACAF	(n = 38)

9	F0062	TF0001/SMN	2S0X2 Task Difficulty Ratings	74	5.00	1.00	7.99	.72	319	

AFSC 2S0X2 tasks are presented in USAF Job Inventory order under Duty headings.

The percent of Specialty Job group members performing each task, as well as task difficulty and training emphasis ratings are presented to the right of each task.

Note that tasks are listed in alphabetical order under each Duty heading so that tasks may be easily located and cross-referenced. Differences between groups may be highlighted where there are large differences in percent members performing each task across the various groups.

Supply Systems Analysis
Reported AFSC(s): 2S0X2

----- Variable/Group Distributions -----

The percent of reported group members who responded to background questions are presented under the column headings for the appropriate group. The displayed data summarizes information about the people in each group.

Reports on the following groups were requested:

st0050: CS0001 Stage	50: ps0002	274 to	285	(n = 12)
st0051: CS0001 Stage	51: ps0002	287 to	417	(n = 131)
st0072: CS0001 Stage	72: ps0002	19 to	24	(n = 6)
st0049: CS0001 Stage	49: ps0002	435 to	454	(n = 20)
st0054: CS0001 Stage	54: ps0002	37 to	259	(n = 223)
st0047: CS0001 Stage	47: ps0002	1 to	10	(n = 10)
